FRENCH CO-OPERATE WITH YANKEES IN NEW ATTACK

Although Early Dispatches Do Not Indicate Extent of the Front Covered in Drive, it Probably Includes Large Part of 75-Mile Line Between Rheims and Verdun.

First Allied Thrust in That Sector Since Marshal Foch Assumed Initiative

LOGICAL PLACE FOR ATTACK

British Forces Occupy Important Turkish Center of Amman—Allies in Bulgaria

(By United Press.)

With the Americans on the Metz front, Sept. 26.—American troops, aided by the French, advanced east of the Moselle Wednesday. They gained their first objective despite German artillery resistance.

Paris, Sept. 26.—French troops co-operating with the Americans, attacked in the Champagne region this morning the war office announced.

"At five o'clock French troops co-operating with Americans, attacked in the Champagne region," the statement said.

"American troops are operating to the eastward."

Although early dispatches do not indicate the extent of the front attacked, it probably includes a large part of the seventy-mile line between Rheims and Verdun.

The Franco-American attack on the Champagne front is the first allied thrust made on that sector since Marshal Foch assumed the initiative in July, and is the logical result of the allied success in Picardy in driving the Germans back to the Hindenburg line from Arras to Laon.

A drive northward in Champagne threatens the communication lines in the rear of the Hindenburg defense system, where the Germans are struggling to keep the British and French from breaking through.

Military critics have pointed out that the Champagne front was the logical place where an allied effort intended to destroy the effectiveness of the Hindenburg line could be made. For a distance east of Rheims the terrain is fairly level and open and a deep advance would outflank Laon and possibly St. Quentin.

More important still, such an advance would sever the communication lines eastward from Laon, the pivot of the German defenses between Rheims and Ypres. An allied break through night separate the German forces in the west into two groups.

Raiding by both sides on the Champagne front in the last two weeks has been lively, causing some military commentators to predict that these operations were the forerunners of greater activity.

Northwest of St. Quentin British troops have continued their pressure against the German defenses and have captured enemy strongholds in the neighborhood of Selency and Gricourt, taken Wednesday. In Flanders the British lines has likewise been advanced, progress having been made in the sector north of LaBasse.

Renewed German attacks north of the Aisne have been repulsed by the French. At one point where the Germans gained a foothold on the French positions they were ejected by a counter-attack.

Swinging to the east and west from the line followed in their first plunge through the Bulgarian front in Macedonia, the allies armies are engaged in a turning movement which may be of greater importance.

STATE OF SEIGE DECLARED

Inhabitants of Sofia Must Remain Indoors After 9 P. M.

(By United Press.)

Zurich, Sept. 26.—A state of seige has been proclaimed in Sofia, according to information received today. The inhabitants must remain indoors after 9 p. m.

Czar Ferdinand is consulting with his generals at grand headquarters. It is reported that a ministerial crisis is imminent. Popular peace demonstrations occurred at the capital Sunday, Monday and Tuesday.

than the continuous advance toward Veles and Ishtib.

On the west, the Serbians and French have passed Prilep and advancing along the roads toward Krushevo and Kichevo, which are in the foothills of the mountains separating Serbia from Albania. North of Prilep they are moving toward Veles.

On the right the allies have enlarged their bridgehead on the eastern side of the Vardar and are on the range of hills between the Vardar and Kriva, Lakavitz, a river which parallels the Vardar on the east.

British Enter Amman

London, Sept. 26.—British forces have occupied the important Turkish center of Amman on the Hedjaz railway 30 miles east of the Jordan, it was announced from General Allenby today.

The Turks are going northward along the railway, pursued by the allies. The allies have also occupied Tiberias, on the shore of the sea of Galilee after determined resistance.

The total number of Turkish prisoners already has passed 45,000, according to unofficial dispatches received today.

Serbs Continue Advances

London, Sept. 26.—Serbian troops have reached the Kriva and Ladavista rivers, eight miles beyond Vardar, it was officially announced by the Serbian war office today. Gradsko, defended by the Germans was captured with much supplies. On the left bank of the Vardar, the Serbians obtained an important success, capturing many prisoners, including the colonel of a Bulgarian regiment.

Win Local Successes

London, Sept. 26.—British troops yesterday continued to win local successes northwest of St. Quentin. Field Marshal Haig announced today. Several counter attacks were repulsed.

Slight advances were made in Flanders yesterday and last night. Additional prisoners were taken.

British Enter Bulgaria

London, Sept. 26.—British troops entered Bulgarian territory yesterday, it was officially announced today.

"Yesterday British troops entered Bulgarian territory," the Salonika communique reported.

PROMINENT JAP DEAD

Tokyo, Sept. 26.—Viscount Motono, former Japanese foreign minister, is dead. He resigned several months ago following a difference of opinion on intervention in Siberia.

Three German Officers And 102 Men Desert

Slip Across Into British Lines East of St. Quentin Wednesday Night. Ludendorff Order Indicative of Increased Complaints of Men on Leave.

With the British in France, Sept. 26.—Three German officers and 102 men deserted west of St. Quentin last night and slipped across into the British lines.

An order issued by Von Ludendorff is indicative of increased complaints of men on leaves at home, "creating an unfavorable impression and resulting in statements of treason and inciting them to disobedience."

"Some of this is due to the national irritation of the soldiers at seeing the superior fidelity of the weariness and despondency which is so widely prevalent at home," the order continued.

Officers carefully explain to the soldiers that while traveling they see the surface only.

ATTEMPT TO HOLD UP A VOTE ON SUFFRAGE

Senators Opposed to Susan B. Anthony Amendment Try to Postpone Action Until Tomorrow

BOTH SIDES CLAIM MAJORITY

(By United Press.)

Washington, Sept. 26.—Anti-suffrage orators attempted to hold up a vote today on suffrage by the senate. They planned to hold the senate in session until a late hour with long speeches against the Susan B. Anthony amendment and then get a recess until tomorrow.

So close is the line-up for and against suffrage that the balance may swing either way over night, although both sides claim a majority today.

Realizing that 12 hours may cost them the victory, suffrage leaders urged all their friends to refrain from speaking. By leaving the field free to the anti-suffragists hope to obtain a vote before adjournment.

TWO MORE PHYSICIANS OF THE COUNTY ENLIST

Dr. C. S. Hougland of Milroy and Dr. Joseph Walther of Glenwood Are Accepted For Training

BOTH ARE AWAITING A CALL

Dr. C. S. Hougland of Milroy and Dr. Joseph Walther of Glenwood are the latest of the steadily increasing number of Rush county physicians who have volunteered their services in the United States army reserve.

Both Rush county physicians have successfully passed their physical examinations although Dr. Hougland was examined twice before he was accepted for service. Dr. Walther, who was injured recently in an automobile accident has entirely recovered and is awaiting a call into service. Neither of the physicians have received a stated date for their entrance into military service.

WAR RELIEF BODY TO CONDUCT DRIVE

Will Solicit Contributions For United War Work During Week of November 11-18

UNDER INLOW'S LEADERSHIP

County Chairman For Campaign, T. M. Green, Roll Hill and W. M. Bliss at State Conference

Rush county's war relief organization, which is handling the Liberty Loan drive, will also execute the duties of the county in the United War Work campaign which will be carried on November 11-18.

Will E. Inlow, county chairman of the campaign; T. M. Green, county chairman of the defense council; Roll Hill, chairman of the Ripley township war work organization, and Will Bliss attended the state conference of United War Workers which was held at the Claypool hotel in Indianapolis yesterday. Preliminary plans for county drives were made during the day and state organizations urged that complete organizations be effected at once in order that there might be no delay in the campaign proceedings.

Because of the excellent organization which is intact in Rush county and ready to handle all war work campaigns, no other organization will be made for the approaching drive but the present war working organization in each township will conduct the campaign in a similar manner to the present Liberty Loan drive, under the direction of the county chairman Will E. Inlow.

Rush county's quota to the \$5,000,000 Indiana apportionment has not been decided upon but various percents which will be distributed among the war relief organizations to be benefited by the drive are as follows:

Y. M. C. A. department, 38.65 percent; Y. W. C. A. relief work, 8.80 percent; Knights of Columbus, 17.60 percent; Jewish Welfare committee, 2.05 percent; War Camp community service, 8.80 percent; American Library Association, 2.05 percent; Salvation Army, 2.05 percent.

Lines of sectional denomination, creed and organization have been forgotten in Rush county as the committeemen in charge of the campaign make preparations for the county drive which they expect to carry on during the first days of November so that when the opening day of the campaign arrives, they may report the subscription completed.

The naming of a treasurer for the organization is the only new official who will make his appearance in the organization program. At the request of the district chairman, Frank Donnell of Greensburg, the following leaders in each part of the county have been named: Anderson township, Claude Crane; Roll Hill, Ripley township, Charles Trobaugh, Union township, Guy Riley, Orange township, Joseph Pike, Noble township, Elijah Billings, Washington township, Lew Lewis, Walker township and Elmer Hutchinson, Posey township.

FAIL TO SUSTAIN CHARGE

Investigation Does Not Substantiate Hog Island Graft Case

(By United Press.)

Washington, Sept. 26.—Charges of gross mismanagement made against the international corporation handling the Hog Island ship yards are not sustained by reports after the investigation, it was learned today.

The investigation failed to uncover evidence of graft and profit-making as was charged last spring, it was said.

TRUCK RUNS INTO A C. I. & W. ENGINE

Edward Sulkey of Greensburg Escapes Serious Injury Because Train Was Running Slowly

FRONT OF TRUCK DAMAGED

Accident at Main Street Intersection of Railroad Shortly After Last Midnight

The fact that the westbound freight which passed through the city last night shortly after midnight was running slowly, prevented a grave accident when a truck driven by Edward Sulkey of Greensburg, ran into the front of the engine at Fourth and Main street.

The freight had stopped at the water tank a short distance down the track and had not gathered much speed when it reached Main street. The truck was going south in Main street and the noise of the truck which contained four cows, prevented the driver from hearing the approaching train until he was upon the track.

The driver was badly cut about the face, head and hands from the falling glass as the windshield of the auto struck the engine. The truck was turned directly around, parallel with the track, and the fact that the driver was not thrown from the car prevented any serious internal injuries which might otherwise have developed. His wounds were dressed at the office of Dr. Will C. Smith after which he was taken to his home in company with a man from Newcastle, who was also in the truck but who escaped without any injuries. His name was not learned.

The truck contained four cows which were being transported from a farm near Newcastle to Greensburg where they were to be sold at a public sale this morning. The cattle was not injured and are being held by the authorities here, in whose charge they were left.

The truck which was practically new, had been driven for only a week and was badly damaged in the front part which struck the engine. The windshield was smashed, the lights demolished, the fenders and entire radiator and flywheel smashed in. The body and wheels of the car, however, were not damaged. The driver stated that the damages were entirely covered by insurance.

SAYS LUNDENDORFF IS RULING GERMANY

Socialist Leader Declares His Country Suffers Because She Underestimated Enemy

KING-MAKING MUST STOP

(By United Press.)

Amsterdam, September 26.—Philip Scheidmann, socialist leader, in addressing the reichstag, declared that General Von Ludendorff rules in Germany. He said Germany is suffering because she underestimated her enemy.

"I regard the Brest-Litovsk treaty as an obstacle to peace," he said. "This king-making business in the east must terminate."

The dismissal of former Foreign Secretary Von Kuhlmann was detrimental to peace.

"So far as Belgium is concerned, we ought to have spoken sooner and differently."

"The submarine warfare has linked America against us."

Herr Groher made a sensational speech in which he criticized the government.

Foreign Secretary Von Hintze declared Germany had acceded to demands of Spain because of fear of granting Germany by Spain.

QUESTIONNAIRES ALL MAILED OUT

Last Seventy-three Sent Today, Making 879 Placed In Hands Of Registrants of Sept. 12

36 MORE ARE CLASSIFIED

All Placed In Class One And Six Cases Are Sent To District Board—Drawing Is Delayed

The last of the questionnaires—seventy-three in number were mailed out to the military registrants of September 12 today, completing the mailing of 879 to men between the ages of nineteen and thirty-six inclusive.

Thirty-six more registrants were classified by the local army board yesterday, making a total of sixty-seven cases which have been acted upon. All but one of this number have been placed in class one, but six of the number passed on yesterday had other than dependency claims which made it necessary to send their questionnaires to the district board.

Questionnaires have been returned rapidly. More than half of the total number mailed—516—were in the hands of the board when the office closed last night, 114 being returned yesterday.

The board received a bulletin this morning from the provost marshal general calling attention to errors which have been made in assigning serial numbers and which will prevent being held this week, the drawing to establish the order number of the new registrants. The local board was not guilty of the error which resulted in postponement of the drawing.

At the same time it received a bulletin setting forth new instructions which allow class one men held for limited or special service to be given deferred classification, an application of the rule was found in the case of Dally Clark Smith of Indianapolis, formerly of this county, who was put in class 2D by the district board because of an industrial claim. His questionnaire was received this morning. The bulletin announcing the new regulations was as follows:

"Class 1 registrants held for special or limited military service only, are entitled to have claims for deferred classification made by or on behalf of them on grounds of engagement in necessary industry, occupation or employment, including agriculture, at any time before the arrival of the day and hour fixed for their report for military service. These regulations are retroactive in the sense that they apply not only to registrants of the third registration, but to the registrants of prior registration who have not been inducted; and where such applications are filed with local order to afford opportunity for consideration of such cases affecting special or limited service registrants of the first and second registration and the applications and accompanying proof should be promptly forwarded to district boards of their decision as to whether or not such registrants are more value to the nation in their present occupations than if inducted into the army for special or limited service only." District boards have authority to reopen such cases and proceed to classification on such grounds. Local boards have similar authority.

Yesterday's classifications were as follows:

Class 1

Chester Winkler, Rushville 9
Albert N. Gabimer, Manilla 2
Joseph C. Smith, Manilla 2

Lew Lewis, Manilla 1
Sherman Young, Rushville 9

Bert V. Bowen, Rushville 9
Jesse J. Grisham, New Salem 2

Paul Kruger, Chalk, New Salem 1
Harley Sherwood, New Salem 1

Henry T. Blackburn, New Salem 2
Elmer A. Brown, Rushville 1

Pernicious Prolixity
The department of Labor is just now having a hard time finding working for the industries of the country, including worker in government service. One of the reasons why there is a shortage of clerical help for the government is illustrated by a pamphlet of 458 pages just issued by the Department of Labor on the subject "Mortality from respiratory Diseases in Dusty Trades." It is an important subject, and a timely subject, but the essential parts of the 400 extra pages saved, thus avoiding an immense amount of clerical work, typesetting, press work, binding, paper, ink and mail transportation. As a matter of fact, the pamphlet contains 440 and 441 a quotation from an address delivered by Miss Lillian Erskine before the American Academy of Political and Social Science in 1917, which apparently covers the essential facts. Everybody knows that dust of any kind is injurious to the lungs, and that the best available methods should be adopted to avoid dust-breathing. That is what we learned when we studied physiology in the fifth grade, it is what Miss Erskine said in her address in 1917, and nothing essential has been added in the 458 pages of book published by the Department of Labor at a time when the whole nation is struggling with the problem of finding people to do the work that absolutely must be done to win the war.

THE DAY IN THE WAR
Sept. 26, 1917
Immense anti-war demonstration in Buenos Ayres
Sept. 26, 1916
Commiss occupied by allies.
Sept. 26, 1915
Allies take German trenches on 20-mile front, between Belgian coast and Verdun, and capture 20,000 prisoners.
Sept. 26, 1914
German drive back French near Noyon.

gling with the problem of finding people to do the work that absolutely must be done to win the war.

Americans.
In the naturalization department of any large town it is instructive to see newly arrived immigrants taking out the first papers. The immigrants are not as numerous now as before the war, but they may still be seen as they make their first declaration.

The officer administering the form often gives a short description of the qualities that constitute an anarchist, and then says: "If there is any anarchist here, let him hold up his hand." And up go most of the hands.

Few of the applicants have understood half of his remarks. "Let him hold up his hand" is about all that has penetrated the minds of most of them, owing to their unfamiliarity with the language. The officer's speech has merely been a test, and he good-naturedly urges them to make a diligent study of the language before applying for final papers.

This occurrence was, naturally, far commoner before July, 1914, and since then many an applicant has secured his final papers. Whether been complete, in each case, is a matter of doubt, and each of us who finds opportunities of familiarizing recent arrivals with our national institutions, language and ideals is under a weighty obligation to make those opportunities fruitful.

Government Competition
As a practical proposition the War Finance Corporation is a money-making institution for the government. In flotation of the Bethlehem Steel Company notes a few weeks ago it is understood that the Corporation cleared a handsome profit, and now the selling of the notes of the Interborough Rapid Transit Company of Brooklyn furnishes another opportunity to add to the Federal income at the expense of taxpayers of the city of New York. The notes amounting to \$33,400,000, were bought at 95 by J. P. Morgan & Co., who then organized an underwriting syndicate at 96. The War Finance Corporation participated in the syndicate to the extent of \$12,500,000. The notes are being offered to the public at 98 1/2, less a selling commission to brokers of 1 1/2 per cent. If the notes are all sold, as seems likely will be the case, the Government will profit to the extent of one per cent of its holdings, of \$125,000.

More Saliva
Congressman Edmund Platt of New York was the author of an amendment to the recent bill authorizing the sale of additional war saving stamps that will be of great help in all future stamp drives. As the law now reads no person can purchase more than \$100 worth of stamps at any one time. The provision, however, has been violated many times, even by the President himself, and Mr. Platt believes it should be wiped off statute books and everybody permitted to buy as many stamps as he pleases at one time up to the statutory limit of \$1,000 in all. Although not reported by the Ways and Means Committee Mr. Platt's amendment was accepted by the chairman, and became a part of the bill without any objection being raised to it.

COUGHED FIFTEEN YEARS
Coughs that hang on and grow worse in the night and weaken the sufferer are relieved by Foley's Honey and Tar often more than by any other remedy. R. F. Hall, Mable, Va., writes: "For 15 years I was afflicted with a troublesome bronchial cough and irritation of the throat. Foley's Honey and Tar relieved me after taking one bottle. The cough ceased and I was restored to health." It is a family medicine and is sold by all druggists.

War Hints
War Helps
War Duties

(Compiled and condensed for the Indiana State Council of Defense by George Ade.)
Your County is asked to subscribe for a large total of the bonds of the Fourth Liberty Loan. Probably you whistled when you read in the home paper what the quota was to be. If you want a real excuse for whistling, take a pencil and figure the grand total of what the farmers and land-owners in your county are receiving this year for their wheat and corn and oats. Then add the wages paid to employees in your county under the war-scale. The add up all the profits of factories and stores and put them on top of the other totals and you will learn that Uncle Sam is borrowing only a modest percentage of the capital float in your neighborhood. The Fourth Liberty Loan can be put over like rolling off a log if all the men who are getting war prices and war wages and war profits will subscribe liberally instead of tightening up. The farmer is the lad toward whom we shall look expectantly during the next two weeks. The Loan cannot go over in triumphant style unless the farmer comes across with great big generous subscriptions. This is not going to be a satisfactory autumn for the man who can afford to take \$1000 and who offers to take \$50. The army wouldn't go very far if each soldier took a half-hearted pop at the enemy and then hid behind a tree. Shoot all the ammunition you can get! Go after the bonds. Buy early. Don't compel a committee to come and coax you.

The man who uses gasoline on a closed Sunday without reasonable excuse is not violating any statute. He is simply ignoring a request. If he has a conscience, probably he will get his punishment without any assistance from the neighbors. The State Council of Defense is not asking boys to hoot at him as he drives down the street and it does not favor the use of yellow paint.

The Red Cross is still in need of nurses. The need is urgent.

The Council of National Defense has issued another broadside bulletin against rats and mice. It suggests the offering of prizes to those who exterminate the pesky things. Premises should be freed from rubbish in which rats and mice can find shelter. See that foundations, cellar openings, doorways etc., are made rat-proof. Rats destroy annually food-stuffs and other property to the value of \$200,000,000.

The State Council of Defense has a new and more stringent order from Washington to restrict to the limit all expenditures of men, money and materials on projects which are not helping to win the war.

Nut shells, peach stones, apricot pits, prune pits, plum pits, olive pits, date seeds and cherry pits are needed for the manufacture of gas masks. County food administrators and Red Cross Chapters have been asked to assist in collecting and forwarding shipments. The government no longer pays for this material. Boys and girls and housewives do not have to be tempted with money these days.

This week the Red Cross is collecting garments for the destitute people of invaded Belgium and France. Every kind of garment for all ages and both sexes is needed. Garments of strong material which will give real service are preferred.

The Spanish influenza is said to be beginning a visit to this country. Most things Spanish are not to be sneezed at, but the influenza is an exception.

General Foch is personally of small stature, but notwithstanding he is at present the biggest man in Europe.

At this season the hay fever victim ceases to be aesthetic. He can see no beauty whatever in gold-colored willow. There be any "Joplin millionaires" in Rush county during the Fourth Liberty Loan campaign?

"Get-It" for Corn
What will get rid of my corn? The answer has been made by millions—there's only one corn-remover that you can bank on. That's absolutely certain. That makes "Get-It" the only one.

Corn-Pain is Ended—the Corn is Destroyed on earth peel right off like a banana skin—and that's magic "Get-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Get-It" on the corn or callus. You want a corn-remover, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Get-It." Cutting makes corns grow and bleed. Why use irritant salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Get-It"—your corn-pain is over, the corn is a "gone" sure as the sun rises. "Get-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg by E. Lawrence & Co., Chicago, Ill.

THREATEN TO DEVELOP INTO AN EPIDEMIC
Several Cases of Diphtheria in Richland Township Result in Schools Being Closed
EFFORT MADE TO CHECK THEM

Several cases of diphtheria which have come under the care of physicians in Richland township, threaten to result in an epidemic in that section of the county unless some means is taken to check its spread. Five cases have already developed which range from light cases to those which have developed serious complications. Three cases have developed in the family of Joseph Berry and two in the family of Henry Wills, all of whom reside near Neff's corner. The patients are all under the care of Dr. H. P. Metcalf, who has taken every measure possible for a permanent checking of the disease. The schools of the vicinity were all closed yesterday and will remain closed until the danger of more cases developing has been passed. Children who have been exposed are being treated and several doses of antitoxin have been administered.

PRESIDENT TO OPEN DRIVE
Will Deliver Address in New York Friday Evening
(By United Press.)

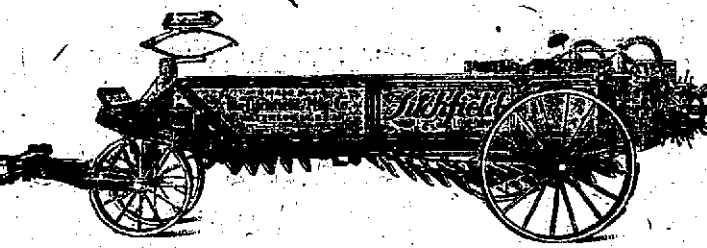

Washington, Sept. 26.—President Wilson will open the six billion dollar loan campaign in New York Friday night, it was stated today. He will speak at the Metropolitan opera house.

This will be his first opportunity to discuss the international situation as it develops—the great allied victory and the peace maneuvers. As a result his address is awaited as one of probably far reaching importance.

RHEUMATISM RIDICULOUS
It is Not Necessary to Suffer Any Longer
"Neutrone Prescription 99" is the new relief. It is absolutely different, it produces results. No hot, stinging liniments, no burning plasters, no steam baths, no electricity or massage, no spending long months in the house with loss of pay. "Neutrone Prescription 99" promptly relieves the most stubborn and long standing case of rheumatism. You will feel distinctly the aches, pain and stiffness leaving your poor inflamed, swollen, suffering joints and muscles, and oh, what a relief after you pain and misery! Go get a bottle of "Neutrone Prescription 99" and say goodbye to rheumatism. It certainly cures the worst 50c and \$1 the bottle. Mail order. **WILLIAM E. BOWEN GARAGE** and leading druggists everywhere. (Ad.)

SCIENTIFIC CONSTRUCTION
When a large audience in a theatre or any other public gathering is stampeded and becomes panic stricken, they all try to get out the door at once. The result is usually a complete blocking of the exit.
If the passage way could give back and expand—become larger as it were, the mass of humanity would free itself and the blockade would be broken.
The RUSHVILLE SPECIAL Spreader is equipped with expansion chambers at the rear of the box and just ahead of the beater wheel. When the load is moved back, packed and solid as it is, there is room for it to EXPAND as the beater wheel penetrates this load. There is no jamming, packing or congestion which means heavy draft. Because the load does not pack, the beater wheel runs freely and easily discharges its load without adding any particular additional draft to the horses.
One of these expansion chambers is located on each side of the box near the beater wheel. This forms what we call the NO-CHOKE BOX. This patented feature of this MODERN Spreader will, in itself, reduce the draft on any spreader that does not have it, at least 15%. By eliminating this heavy draft the beater wheel does not have the friction which it otherwise would have and this removes the strain from the machine.
Come to our warehouse and see the machine. Take it on your farm and try it. The proof of the pudding is in the eating. We solicit your inspection.
C. H. TOMPKINS
RUSHVILLE, INDIANA.

An Engine Is No Better Than Its Cylinders and Pistons
You don't have to send your Ford out of the City to have it Re-bored.
Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons and rings in your Ford motor.
These are the results you obtain by re-boring
You increase power from 10 to 50 per cent.
You eliminate that elusive knock!
You stop the escaping gas around piston rings which abnormally heats the crank case.
You stop the admission of auxiliary air past the piston rings which dilutes the mixture.
You use less lubricating oil.
You use less gasoline.
You drive slower on high gear.
You take hills with perfect ease and grace.
You attain greater speed on level.
You eliminate the over-heating.
You stop fouling your plugs.
Our Price is Reasonable.
Bring in your motor and let us fix it up.

MILITARY COURSE AT BLOOMINGTON

Schedule For Opening Was Delayed One Week in Order That Military Preparations Might Be Made

INDUCTED IN ARMY CORPS

Students May Be Assigned To Officers Training Camp Or Non-Commissioned Officers School

Bloomington, Ind., Sept. 26.—The opening of Indiana University for the 1918-19 term this week found that the school was prepared for starting the new courses, including military training. The opening of the school year was delayed one week in order to allow the courses to be arranged, taking in the military schedule.

A larger percentage of male students was expected on account of the courses arranged for the Students' Army Training Corps.

Students within the draft limits who registered here today will later be inducted into the army training corps. They will be uniformed and given rifles by the war department. Instructions will be given by army officers. Each student will be kept under observation and his qualifications for various special branches of service and his ability along certain lines will be noted and later assignments of the students to this special work will be made.

They may be assigned to a central officers training camp; to a non-commissioned officers' school; to a school for vocational training or a cantonment for duty with troops as a private.

The students today were being assigned to barracks where they will live the life of a soldier. They will peel potatoes, onions, scrub floors, wait on tables and do other work hitherto unknown to the average undergraduate. They will be expected to be up at 5 a. m. and in bed at 10 p. m.

Fraternity houses have been taken over by the university to provide barracks. The war department will allow each student \$30 a month, the pay of a private. The university is allowed 62.7 cents a day by the government to feed the students, so it may happen that a majority of the fraternity tables will not be supplied as abundantly as in former years.

SAYS AMERICANS DO NOT TERRIFY THEM

General Von Wrisberg Declares German Retirement Was Made to Better Defense Line

SAYS U-BOATS REAP HARVEST

(By United Press.)

Amsterdam, Sept. 26.—"The American army should not terrify us," declared Gen. Von Wrisberg, representing the war ministry in addressing the reichstag.

"The German retirement has been mainly for the purpose of shortening the line to cope with the enemy. The higher command is looking to the future confidently. The enemy calculates more than ever on our internal collapse. We must fight for our existence."

Capt. Brueninghaus, speaking for the admiralty, said the U-boats are destroying more tonnage than are being built and that they are more U-boats than ever before.

"The situation is serious but there is no ground for depression," he said. "The Iron wall of the western front cannot be broken. The U-bout warfare is diminishing tonnage and restricting reinforcement in men and material from the United States."

"The hour must come when our enemy will be ready to end the war before half the world is a piece of ruin and the flower of manly strength dead."

PRIVATE CLARK OVERSEAS

Mrs. Benjamin Clark has received word that her son, Jackson, has arrived safely overseas. Private Clark is with the 22nd engineering group, having entered service at Camp Taylor, May 24. He was later transferred to Fort Harrison, where he was in training before leaving for an eastern port for embarkation.

OBSERVED ROOSTER WEEK AND SAVED FEED

Farmers Also Received Better Prices And Prevented Loss Of Millions Of Eggs During Summer

POULTRYMEN ARE PLEASED

Lafayette, Ind., Sept. 26.—Indiana farmers and poultrymen saved at least 1,223 tons of food worth \$73,426.50 at present prices by the observance of Rooster Week, June 3 to 8, specialists in the poultry department of Purdue University have figured. Reports from 427 farms in 56 counties show that 97,902 roosters were sold that week. Instead of eating the 25 pounds of feed usually consumed by a rooster, from the first of June to Thanksgiving the popular marketing time, and causing the loss of millions of eggs in hot weather because they are fertile, this large number of birds was sold.

The average price of chicken feed is three cents a pound and the man who sold his birds in June is ahead of the game by 75c per rooster on feed and he also got a higher price.

The week before the "can the cockerels" campaign the average price was 10 cents a pound and the week of the drive the price was 13 1/2 cents, some paying as high as 18 cents. Because of increasing price, farmers who took part divided an extra profit of \$8,217.47.

A POLITICAL CONFERENCE

May Solve Difficulties in Russian Government

Washington, Sept. 25.—A great political conference the purpose of which is the creation of a central government for Russia, is taking place at Ufa, according to a cable received by the embassy from the joint Siberian government at Omek.

Officials at the embassy expressed the hope that the conference would agree to some definite plan of a united government.

Mrs. Jones Tells How PEPSINCO Helped Her Stomach!

I just suffered everything. Nothing agreed with me at all. A few minutes after eating I had pain, sourness and as a rule would belch bad tasting stuff.

I tried doctors; I tried medicines; all without effect. Pepsinco was recommended. I honestly believe that I can thank Pepsinco for my good health to-day. I can eat anything and I am without pain. I would suggest that if there is anything wrong with your stomach, that you go to any drug store and get a small package of Pepsinco.

And above is a testimonial from a party who followed the advice of a friend. Suppose you do the same.

NEW SALEM LECTURE COURSE

The Theobaldi Concert Party will give the first number of the New Salem Lecture Course in the auditorium of the High School Building at New Salem Saturday evening, Sept. 28, at 8 o'clock.

The Senior Class of the High School has arranged for this course and desires the co-operation of all in the community in making it a success.

PYTHIAN SISTER DANCE

The Pythian Sisters will give a dance Wednesday night, Sept. 27, at 8 o'clock. Tickets 25 cents. Admission 50 cents. Ladies 25 cents. Proceeds for K. of P. in France.

The sixteenth annual reunion of the Thompson family was held Sunday at the home of Andrew M. Thompson in Gowdy. The guests, who were present at the reunion, are the descendants of John and Sallie M. Thompson. Each family came with a well-filled basket and a Hooverized luncheon was served at noon. Several bits of history were given by some of the noble members of the family. The most interesting fact to the younger members of the family was the matter of ages. The combined ages of the five persons was 303 years, making an average of 78 3/5 years. The oldest member present was Andrew M. Thompson, 89 years old and the youngest member was Woodrow Weidner, 8-months old son of Mr. and Mrs. Arthur Weidner. Thirty-nine responded to the roll call after which a short business meeting was held. Greenup Thompson was elected chairman, William S. Thompson treasurer and Mrs. Elmer Kilman secretary for the coming year. It was decided that the next meeting will be held with Mr. and Mrs. Arthur Weidner, Sept. 13, 1919.

The marriage of Miss Majorie Maxiner of Greensburg, daughter of H. A. Maxiner, and James A. Morris son of Albert Morris, living north of this city, took place last evening about six o'clock in the Christian parsonage, the Rev. L. E. Brown officiating. The attendants were the bride's father, H. A. Maxiner, Mr. and Mrs. Osman of this city and the bridegroom's sister, Bessie. Mr. Morris has resided in this county all his life and is a graduate from the local high school. Mr. and Mrs. Morris have gone for a short wedding trip and will be at home in a few days at the Morris home north of this city.

The following new members have been added to the War Mothers organization: Mrs. Louise Pea, Mrs. Clara Jenkins, Mrs. Anna Litterell, Mrs. Nancy Feaster, Mrs. Katherine Ansbury, Mrs. Clara Hungerford, Mrs. Hattie Hardin, Mrs. Eddie Havens Prazee, Mrs. Jennie Wallace Payne, Mrs. Frances Smith, Mrs. Lizzie Gore, Mrs. Alma Miller, Mrs. Ida Harcourt, Mrs. Anna McKee, Mrs. Margaret Ray, Mrs. Ella Aultman, Mrs. Emma Wright, Mrs. Amanda Morgan, Mrs. Lillian Price, Mrs. Anna Irvin and Mrs. Lina Winslow.

The members of the Loyal Daughters class of the Christian church were delightfully entertained Tuesday evening at the home of Mrs. Scott Hosier. During the meeting, an order for French books was taken so they may begin their study soon under Mrs. Albert Allen. The society is still taking a great part in the Red Cross work and every member is asked to take their knitting to the next meeting.

Honoring the Miss Clorine Amos, bride-elect, whose engagement to J. Kennard Allen of Camp Taylor, Louisville, Ky., has recently been announced, a dinner party will be given Tuesday evening Oct. 1, at the beautiful country home of Miss Fanny Shiers. Invitations have been issued to the affair, for which Miss Hannah Morris, Mrs. Hale Pearsey and Miss Shiers will be gracious hostesses.

Mrs. J. D. Austin entertained at her home in Union township Monday

Social Calendar

Friday

Friday Afternoon Embroidery Club with Miss Grace Buell at her country home.

Embroidery club with Mrs. H. C. Culbertson, east of Glenwood.

afternoon with a miscellaneous shower in honor of Mrs. Wimmer Pierson, formerly Miss Mildred Vandament. About forty women were present, who brought her many useful gifts. The chief amusement for the afternoon was music furnished by the Edison. At a late hour the guests were served with a delicious Hooverized luncheon.

The members of the Sorosis club had their initial meeting of the season Tuesday afternoon at the home of the president, Mrs. Walter Saxon, east of Fairview. The roll call was responded to with memory day quotations. The club pledges were taken and the club commandments were given by the members after which the president gave a very interesting talk about the women's work in the Fourth Liberty loan.

The members of the Women's Relief Corps met yesterday afternoon at the G. A. R. room and fifteen officers and seventeen members were present. Mary A. Storke, a new member of the organization was initiated. The fourth district meeting will be held at Columbus Tuesday, October 1, and about sixteen from here will be present.

Mrs. Glen J. Tucker entertained at her home Tuesday with an informal dinner party. A basket of fall flowers of various colors adorned the center of the table and covers were laid for Miss Helen Scudder and Harold McClanahan, who is an instructor in the regular army at the bandmasters school in New York.

Miss Grace Buell will be the hostess tomorrow afternoon at her beautiful country home for the members of the Friday Afternoon Embroidery club.

The members of the Embroidery club will be delightfully entertained tomorrow afternoon at the home of Mrs. H. C. Culbertson, east of Glenwood.

The members of the Red Cross sewing class will meet next Tuesday afternoon at the home of Mrs. E. A. Billings, east of Gings.

EXHIBITIONS WILL BE HELD

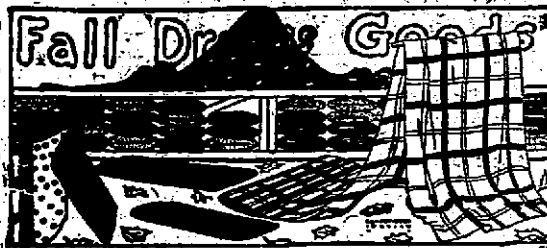

Airplane Flights Not to be Called Off Because of Accident

Publicity matter sent out by the Indiana director of publicity for the Fourth Liberty loan says that the airplane exhibitions scheduled for many Indiana cities in the interest of the loan campaign, will be held regardless of the unfortunate accident last Sunday when a British aviator, Capt. J. J. Hammond and John L. Kinder of Greenfield were killed. Although there was some sentiment favoring calling off the exhibitions, Capt. R. S. Tripp, heading the British flying forces in Indianapolis and they be held, declaring "that the accident was 'merely an incident in the life of a soldier.' No exhibition will be given here because a suitable landing field could not be found.

HOME JOURNAL PATTERNS

Each month sees an increase in the popularity of these patterns

JOEL M. PALMER DIES AT HOME NEAR GINGS

Well Known Farmer of Union Township Expires of Pneumonia at Age of 71 Years

TO BE BURIED AT GREENSBURG

Joel M. Palmer, 71, a well known agriculturalist of Union township, died yesterday afternoon shortly after four o'clock at his home northwest of Gings, following an illness of pneumonia.

The deceased had been ill for a week previous to his death, the illness taking such serious form from the first that considering his advanced age, little hope had been held out for his recovery. He is survived by his widow and two brothers who reside in Kentucky, from where the deceased came to this county twenty-eight years ago for residence.

The funeral services will be conducted tomorrow afternoon at one o'clock at the residence after which the body will be taken to Greensburg for burial.

FIFTEEN FROM IND. IN OVERSEAS REPORT

Two Army Casualty Lists Contain Names of 375 Americans Reported at Headquarters

161 ARE MISSING IN ACTION

Washington, Sept. 26.—Two army casualty lists issued today gave the names of 375 Americans classified as follows: killed in action, 15; missing in action, 161; wounded severely, 184; died of wounds seven; died of disease, five; wounded, degree undetermined, one.

The Indiana casualties which numbered fifteen were divided as follows: wounded severely—George W. Keller, Covington; George Howk, Sanborn; Archie Johnson, Freedom; James Kellams, Tell City; Paul Swank, Wingate; Leo Porter, Angola; Benjamin Scott, Tippecanoe; Arthur Vanator, Goslen.

Missing in action—Ralph Cross, Michigan City; Harry Miles, Waveland; Claude New, Greenfield; Julius Fancicht, Whiting; Steve Lamonski, South Bend; Claude Parrish, New Palestine; Harry Pogue, Evansville.

CAPT. TUCKER IS OVERSEAS

News of His Promotion Awaited Him on His Safe Arrival

Capt. Glen I. Tucker has arrived safely overseas, according to an announcement received today by his wife, who was formerly Miss Dorothy Thomas of this city.

The news that Capt. Tucker had received an advance in his station in military life awaited him when he arrived on the other side, since his recommendation for captaincy came too late for him to receive the news before sailing. The promotion was unusual since he was advanced from the rank of second lieutenant to that of captain. Since completing his training course at Ft. Harrison in 1917, Capt. Tucker was stationed in San Antonio until leaving for the east a few weeks ago.

Amusements

Charles Ray will take the leading role in the photoplay "His Own Home Town" which will be portrayed at the Princess theatre this evening. In addition the "Allied War Review" pictures will be shown. Tomorrow afternoon and evening George M. Cohen will appear in "Hit the Trail Holiday" and Saturday Earl Williams will appear in "A Girl in His House" with Smiling Bill Parsons starring in "Billy's Fortune".

Fairbanks at the Gem

Douglas Fairbanks and his famous smile will be at the Gem theatre tonight in "The Habit of Happiness" one of the kind of pictures in which Fairbanks always shines. He finds a wife in a bowery bread line, and how he does it forms the interesting story which is told in five parts.

MEETING THE GROCERY QUESTION

is one of the problems of the day. It is necessary for you to have good eatables to have good health. The markets at our command furnish us with the BEST and FRESHEST GROCERIES that come from the best stock available.

Don't Let Worms Kill Your Hogs

Figs Get Worms Very Young

The time to commence feeding ACME WORM BOUNCER is from the time they are old enough to eat. Feed from birth to maturity. It will only take a few cents worth to do it, and as "an ounce of prevention is worth a pound of cure," it certainly pays to start the pig off right, and if you do so you can keep him right. Worms are persistent pests and they must be fought continuously. There is more money in keeping your pigs free of worms than to let them get worms and even expel them.

A MODERN SHOE

If you need shoes, there is no economy in waiting until they cost more. If we won the war tomorrow, leather would not be plentiful for some time.

Black or Tan, \$5.00 and up.

McINTYRE SHOE STORE

Mr. Fred Hammer, Manager.

Does Such an American Exist?

Can there be any American who is not doing all he can to help win the war? Who pretends to believe that we could have kept out?

Who whines or growls about the little sacrifice he is asked to make?

Who gets panicstricken and thinks that it would be better to compromise with the Hun and listens to the serpent whisperings of German propaganda?

If such an American exists let him realize what Germany has done to Russia, which gave in and negotiated a cowardly peace.

There is only one thing for us all today and that is war to the bitter end—war until the Hun is utterly and completely destroyed.

For those who cannot fight, **LIBERTY BONDS** are the best possible weapons against the Hun.
